MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT: National Intelligence Survey (NIS)
Production Forecast for Fiscal Years 1968, 1969

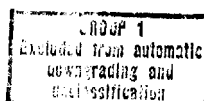

REFERENCES: (a) USIB-M-369, 4 February 1965, Item 7. c.
(b) USIB-D-51.1/8, 28 August 1963

1. In accordance with reference (a) the NIS Committee forwards to USIB the attached NIS Production Forecast which has been developed for fiscal years 1968 and 1969.

2. The Forecast extends for the two fiscal years the pattern of production priorities by topics and foreign areas which USIB approved last year. Africa and Latin America continue to receive the greatest production emphasis and the General Survey continues as the primary unit of NIS coverage. Through more efficient production programming, total area coverage provided in the topical units will be increased 28% by FY 1969 without an appreciable increase in units produced.
